Sorry Mark,

I meant to get back to you on Friday, Jim tried on Friday and he can get in.

Thanks

Hi Tom

Have you confirmed that the Amherst Drug Lab can access the system?

Mark

Hi Tom

Sure thing. I am trying to get this done today.  
I will let you know.

Mark

**Subject:** RE: Urgent firewall request for SLI

Hi Mark,

Could you let me know when it is done so I can have Jim test it?

Thanks

**Importance:** High

Hi Mary Ellen, Mark

We just found out that we did not submit the needed firewall port openings to allow user access from the DPH Amherst Lab to the DPH-SLI-ACCTNG system. The following firewall port opening request will have to be sent to ITD to be processed. Please approve this urgent request.

Source Description	Source	Destination Description	Destination	Protocol	Port
DPH Amherst Lab Admins	146.243.71.70 - 146.243.71.95	DPH-SLI-ACCTNG	170.63.150.37	http	80

Thanks

Mark Lucas, PMP
